Founded in Southern California in 1964 as a regional trade organization, the ACADEMY OF COUNTRY MUSIC (ACM) has grown in the almost 60 years since into a leading association for the country music industry. Now headquartered in Nashville, TN and boasting record-high membership of nearly 5,000 nationwide, the Academy serves as a powerhouse advocate for country fans, artists, and all facets of the business, as well as a supporter of philanthropic work through charitable partner ACM LIFTING LIVES, dedicated to improving lives through the power of music and providing aid in times of need, with a focus on health initiatives. 2023 looks to be another monumental year for the Academy, with the ACM Awards returning to Texas on May 11 and streaming live for a global audience on Prime Video, still the only major awards show to live stream. The Academy also remains relentlessly committed to creating a more inclusive environment for underrepresented groups in country music, from the boardroom to the stage, and over the last year has launched both ACM LEVel Up, a two-year professional development and enrichment curriculum for rising leaders, and OnRamp, a guaranteed income program for Black members of the Nashville music community, in partnership with the Black Music Action Coalition.
